Appl. No. 10/517,321
Amendment dated: February 20, 2007
Reply to OA of: October 6, 2006

REMARKS

This Supplemental Amendment is in response to the Official Action of October 6, 2006 and supplements the Amendment filed February 6, 2007. Applicants have amended the Figures of the instant application.

Specifically, Applicants have amended Figures 12-15 of the instant application in order to add labels to the axis of the graphs illustrated in Figures 12-15, thus addressing the objections to the figures set forth in the outstanding Official Action. Applicants attempted to address these objections in the Amendment filed February 6, 2007, however the amendments made to the drawings in the Amendment filed February 6 inadvertently failed to make the appropriate corrections. Accordingly, Applicants submit herewith Replacements sheets for Figures 12-15 wherein the axis of the graphs shown in Figures 12-15 are correctly labeled. In light of the amendments to the drawings made herein, Applicants respectfully request that the objections to the drawings be withdrawn.

In view of the above comments and further amendments to the drawings, favorable reconsideration and allowance of all the claims now present in the application are most respectfully requested.

Respectfully submitted,
BACON & THOMAS, PLLC
